NETWORK”**

OUR WEBSITE

# ABOUT US

## Introduction

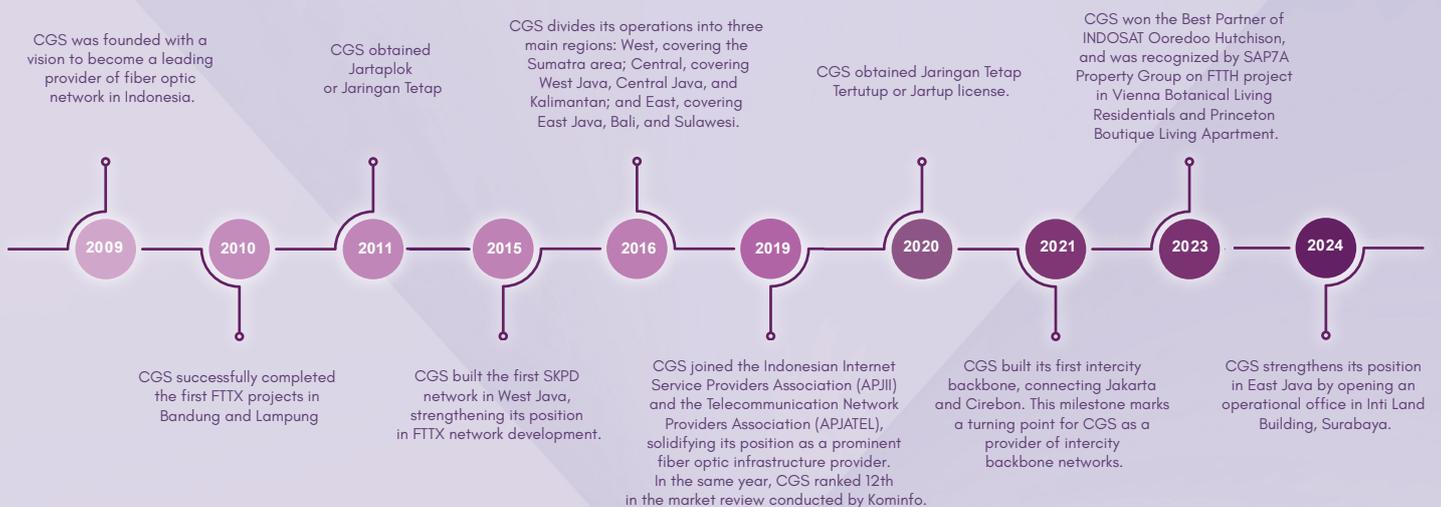

PT. Cendikia Global Solusi was founded in 2009 and has become a pioneer in providing high-speed and reliable fiber optic network infrastructure in Indonesia. Our extensive network covers over 5,000 kilometers of fiber optic cable deployed across 30 provinces, providing connectivity solutions to thousands of clients including Internet Service Providers (ISPs), Data Centers and Telecommunication Companies, Government Agencies, and Corporate Enterprises. With innovative thinking and an open-access infrastructure approach, we are shaping the future of connectivity in Indonesia.

## Our Business

As an independent fiber optic infrastructure provider, our goal is to provide efficient, reliable and neutral connectivity solutions throughout Indonesia. Equipped with cutting-edge technology and extensive experience, we are prepared to deliver innovative infrastructure solutions to meet the ever-evolving demand of the digital era.

## Company Overview

We are the future of open-access infrastructure & network solutions.

**WE HAVE THE RESOURCES AND REAL-WORLD EXPERIENCE OF OVER 15 YEARS WITH THE MOST INNOVATIVE TECHNOLOGY.**
