service **E**xcellence

Respect to each other.

Vision

To become a leading provider of Fiber Optic Network in Indonesia.

Mission

Providing the excellent quality of fiber optic network through the latest technology and service excellence.

- To achieve the excellent growth and benefit to stakeholders.
- To achieve safety work through continuous improvement.
- People development and teamwork.

Company Overview

We are the future of open-access infrastructure & network solutions.

2009

CGS was founded with a vision to become a leading provider of fiber optic network in Indonesia.

2010

CGS successfully completed the first FTTX projects in Bandung & Lampung.

2011

CGS obtained Jartaplok (Jaringan Tetap Lokal) and Jartup (Jaringan Tetap Tertutup)

2015

CGS built the first SKPD network in West Java, strengthening its position in FTTX network development.

2016

CGS divides its operations into three main regions: West, covering the Sumatra area; Central, covering West Java, Central Java, & Kalimantan; & East, covering East Java, Bali, & Sulawesi.

2019

CGS joined the Indonesian Internet Service Providers Association (APJII) and the Telecommunication Network Providers Association (APJATEL), solidifying its position as a prominent fiber optic infrastructure provider. In the same year, CGS ranked 12th in the market review conducted by Kominfo.

2020

CGS obtained Jaringan Tetap Tertutup or Jartup license.

2021

CGS built its first intercity backbone, connecting Jakarta and Cirebon. This milestone marks a turning point for CGS as a provider of intercity backbone networks.

2023

CGS won the Best Partner of INDOSAT Ooredoo Hutchison, and was recognized by SAP7A Property Group on FTTH project in Vienna Botanical Living Residentials and Princeton Boutique Living Apartment.

2024

CGS strengthens its position in East Java by opening an operational office in Inti Land Building, Surabaya.

2025

CGS strengthens its position in Bali through SKPD (Satuan Kerja Perangkat Daerah) establishment.
